30-Day Freelance Launch

WEEK 1: FOUNDATION

1

Define your one core service — what you will offer and who it's for

- Write a one-sentence pitch
- List 3 problems you solve

2

Set your starter rate using the worksheet in Module 2

- Do not discount before you have even one client

WEEK 2: PRESENCE

3

Create or update your LinkedIn profile with your new service

4

Set up a simple portfolio page (Notion, Carrd, or Google Sites)

- 2-3 work samples are enough to start

WEEK 3: OUTREACH

5

Send 10 warm outreach messages to people who already know your work

6

Post one piece of value content explaining your service area
